REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The claims have been amended to recite "composition consisting of" language. It is well settled that "consisting of" excludes anything else from the composition. Therefore, the composition of claim 1, while it will be different for different filaggrin variants of SEQ ID No. 7, will contain only one antigen. Since the product claims have been found allowable, the restriction requirement between the product claims (1-4, 6, 8 and 10-12) and the method of use claims (5, 7, 9, 13-15 and 19) is hereby withdrawn. Claims 5, 7, 9, 13-15 and 19 have therefore been examined and found allowable since they all require the allowable antigen composition. Additionally, the restriction between product claims (1-4, 6, 8 and 10-12) and the method of making claims (16-18) is hereby withdrawn since an undue burden no longer exists. Claims 16-18 have been examined and found allowable since the prior art of record does not teach to substitute citrulline for arginine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
